

SRE-MUC Meetup

2023-09-26 / Oktoberfest Edition

muc.sre.xyz / muc@sre.xyz

Agenda

- 19:00 - Welcome!
- 19:05 - Talk 1 - Martin Höfling (Google)
 - Postmortem Culture at Google
- 19:35 - Short Break
- 20:00 - Talk 2 - Stéphane Di Cesare (DKB) and Christopher Haar (Upbound)
 - Eliminating human error using self-service GitOps with Crossplane
- 20:30 - Open Discussion: Newest trends in SRE
 - Terraform / Hashicorp License change, Generative AI, ...
- 20:45 - Networking + Drinks
- 21:30 - Leave happy and inspired

Event Question: "What's your favorite GitOps tool?"

- Here are the results:
 - 1. 28 people: ArgoCD
 - 2. 14 people: Flux
 - 3. 11 people: Jenkins / Jenkins X
 - 4. 10 people: Github (Actions)
- Interesting: Crossplane know only by 3 people.
 - Good opportunity to learn something today
- Fun answers
 - I am in google
 - I don't use one
 - Is this a Captcha? 😂
 - hard to pick a favorite one

Participation!

- Meetups are communities that create engagement!
- We're always looking for talks!
- We're always looking for hosting companies!
- Building a community needs YOU!

Get in touch with us please at muc@sre.xyz!

Postmortem Culture at Google

Break until 20:05

Talk 2 - Stéphane Di Cesare (DKB) and
Christopher Haar (Upbound):

Eliminating human error using self-service
GitOps with Crossplane

General Discussion

Newest Trends in SRE

Newest Trends in SRE (Open Discussion)

- Hashicorp / Terraform changed it's license
 - What is the impact on your company?
 - How do you feel about it?

- What do you think about Generative AI? ChatGPT, Bard, ..
 - Do you use it already?
 - How much potential do you see in it?

Thanks for coming!
